

## Fact Sheet

- Lexprompt LLC is developing intelligent writing software that will help professionals and students to write, research, and innovate. As Lexprompt's team puts it, as you write, our software will put relevant text and information at your fingertips.
- We are not funded by any outside investor, and company funds consist entirely of our contributions.
- On September 3, Lexprompt launched a Kickstarter campaign to fund its Intelligent Writing Software—LP Writer: <http://www.kickstarter.com/projects/1297871291/lp-writer-intelligent-writing-software-for-everyon>
