Bloomberg BNA's in-depth Portfolios and treatises from leading publishers provide comprehensive legal analysis and practical guidance on a range of corporate and securities law and regulation topics.

**8 Laws & Regulations**  
A comprehensive collection of annotated federal statutes, regulations, and agency documents.

**9 Agency Guidance**  
Run a single search across all SEC guidance, easily apply a variety of filters to SEC comment letter threads and no-action letters, or review comprehensive regulatory materials.

**10 Industry-Leading News**  
Get the most comprehensive, timely, and well-respected coverage of changes in securities, corporate, and M&A law with: Securities Law Daily™, Mergers & Acquisitions Law Report™, Broker-Dealer Compliance Report™, World Securities Law Report™, and Corporate Law and Accountability Report™.

**11 BNA Insights**  
In-depth articles offering analysis and guidance on key topics and trends from leading practitioners.

## DRAFT ANALYZER

Quickly find the right language for your agreement drafts. Know where your language meets or varies from market standards. Feel confident that your agreement will include the language and terms that best meet your client's needs.

## DEAL ANALYTICS

Close the deal that serves your client. Powered by Bloomberg LP data, search our proprietary database of standalone deal terms with nearly 500,000 public and

private M&A transactions. Use detailed filters to specify relevant deal points including: deal size, industry, advisors, advisory fees, and termination fees.

## SEARCHABLE PRECEDENTS

Search SEC filings and SEC exhibits using EDGAR and DealMaker. Quickly locate documents you can use as precedents for your own agreements and documents, as well as review the details of transactions similar to yours for planning and negotiating purposes, using these related databases.
